

1. Add.

$2 + 3 = \square$

$8 + 1 = \square$

$4 + 2 = \square$

$10 + 0 = \square$

$3 + 4 = \square$

$2 + 2 = \square$

$3 + 3 = \square$

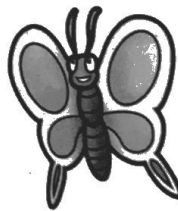

$5 + 2 = \square$

$4 + 4 = \square$

2. Write the answer to the combination your teacher says.

3. Complete the calendar. Your teacher will tell you where to begin.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
