

Students,

On May 18-20 we will have our Final Exams. On the days leading up to the Finals I will be posting Final Study guides. Please make sure you are studying for your Finals as they will be a big portion of your final grade.

For those of you who are missing work, you may go back and do the work, but you must email me when you do, (with the date of makeup work) so I can adjust your grade.

Mr. Francis
